Russian Food.

Well, let's start talking about popular food in Russia. We have different kinds of dishes, but the most famous are our Russian soup Borch, Russian bliny, and dumplings. Also there are many salads like Olivier and Krabouye salad. These meals are cooked in every family.

There are food that can be very specific for foreigners like cold soup Okroshka and vareniki. I have a lot of friends that taste Okroshka once in a life and they say that this is very strange food. It was like vegetable salad with sausages and kvass but many people eat this soup with "yogurt" - they said. Vareniki is like dumplings but instead of meat they have potato, berries, mushrooms and more.

In Russia in every family there are their own traditional dishes, that they cook on a different events more than others. For example in my family we like to cook Olivier salad, French meat with tomatoes and cheese and smashed potato with onion. Also we can do drinks like home mojito. It is very delicious!

I can say that we have uncountable kinds of dishes and people should try them. But my favourite food which every foreigners should eat are our traditional soup Borch, and our Blinchiki with sour cream, Olivier salad, Krabouye salad or Venigret can be something new and interesting for many people.
